RE: C-SMMPO Continued support for the Transportation Performance Measures (TPM) for Infrastructure Condition and System Performance Established Targets for Maryland, November 2020 as established by Maryland Department of Transportation for the State of Maryland.

Dear Ms. Murphy,

On October 11, 2018, the Calvert-St. Mary's Metropolitan Planning Organization (C-SMMPO) Council adopted transportation performance measures (TPM) and targets for four infrastructure condition measures, and two system performance measures as established by the Maryland Department of Transportation (MDOT) for the State of Maryland via Resolution No. 05-2018 & No. 06-2018. Per Federal requirements, the State and C-SMMPO are to review and establish performance targets bi-annually.

MDOT has provided C-SMMPO an updated summary of TPM Established Targets for Maryland, which reflects the TPM 2 Infrastructure Condition, and TPM 3 System Performance 2-year performance targets through 2030 as reported in the 2020 Federal Mid-Performance Period Progress Report.

C-SMMPO has reviewed MDOT's updated Transportation Performance Management (TPM) Established Targets for Maryland dated November 2020 and continues to support the State's established TPM 2 Infrastructure Condition, and TPM 3 System Performance 2-year performance targets through 2030.

The C-SMMPO agrees to plan and program projects in the Transportation Improvement Program (TIP) to accomplish the State's targets. In the event that the C-SMMPO would establish targets different than the State's targets, a resolution would be developed for the Council to approve.

If you have any questions, please contact Kwasi Bosompem at Kwasi.Bosompem@stmarysmd.com or at (301) 475-4200 ext. 71507. Thank you for your continued cooperation.

Sincerely,

Handwritten signature of William Hunt in black ink.
