RE: C-SMMPO support for the Maryland Baseline Performance Period – 2nd Performance Period, December 2022 newly established targets in all performance areas including TPM 1 Safety, TPM 2 Infrastructure Condition, and TPM 3 System Performance, Freight Movement, Congestion Management, and Air Quality for the State of Maryland.

Dear Ms. Murphy,

On January 25, 2018, the Calvert-St. Mary's Metropolitan Planning Organization (C-SMMPO) Council adopted transportation performance measures (TPM) and targets for performance measures, as established by the Maryland Department of Transportation (MDOT) for the State of Maryland via Resolution No. 01-2018. Per Federal requirements, the State and C-SMMPO are to review and establish performance targets annually.

The Maryland Department of Transportation (MDOT) has recently published Maryland Baseline Performance Period – 2nd Performance Period, December 2022 newly established targets in all performance areas including TPM 1 Safety, TPM 2 Infrastructure Condition, and TPM 3 System Performance, Freight Movement, Congestion Management, and Air Quality.

C-SMMPO has reviewed MDOT's updated Transportation Performance Management (TPM) Established Targets for Maryland dated December 2022 and continues to support all the State's targets.

If the C-SMMPO would establish TPM targets that are different from the State's Established Targets, a resolution would be developed for the Council to approve, as established in Resolution No. 01-2018.

As established in Resolution No. 01-2018, the C-SMMPO agrees to plan and program projects in the Transportation Improvement Program (TIP) to accomplish the State's targets.

If you have any questions, please contact Courtney Jenkins at [Courtney.Jenkins@stmaryscountymd.gov](mailto:Courtney.Jenkins@stmaryscountymd.gov) or at (301) 475-4200 ext. 1527. Thank you for your continued cooperation.

Sincerely,

A handwritten signature in blue ink that reads "Courtney Jenkins".

Courtney Jenkins  
Acting Director
